DRY CLEANING INSTRUCTIONS

It is the responsibility of each Band, Twirler, Flag and Honor Guard Member to keep their uniform clean and in excellent condition. It is important that the band present an excellent appearance at ALL times. Uniforms are to be DRY CLEANED ONLY. The **white sweat collars** inside the Band Jacket and Honor Guard Jacket should be removed and machine washed. White gloves are to be worn at each performance these can also be machine -washed. We have selected Lehigh Valley Dry Cleaners who can guarantee us that the whites will stay white and not turn gray. EVERYONE MUST USE THIS DRY CLEANER.
Please Note: DO NOT USE OVER THE COUNTER HOME DRY CLEANING KITS.

SPECIAL INSTRUCTIONS FOR SASHES

Use a professional dry cleaner, dry without heat, do not use steam or press.

Please note: only take the sashes to the dry cleaner when they are dirty. This will prolong the life of the sash. You may spot clean sashes with ivory soap and water. Extreme care must be taken to assure that the chain stitch is not broken, as this will cause sequins to pull out in long strings. A snag of a ring or a pull of a fingernail can break the chain stitch. If a chain stitch is broken, contact the uniform committee IMMEDIATELY.

MISC. INSTRUCTIONS

Raincoats – wash with Woolite in cold water on gentle cycle; hang on wooden or plastic hanger. **DO NOT PUT IN DRYER.** Spray with Scotchguard or tent waterproofing. Return with hanger in June.

Garment Bags -- Garment bags must be used when transporting the uniform. Do not mark in any way except for a tag to be placed on the zipper. Do not use adhesive or masking tape; get a new tag for the zipper.

Hangers – Original hanger must be used and returned with the uniform in May/June. Separate wire pant hanger to be returned with white pants.

Repairs -- Repair hems, loose buttons, snaps, etc. as soon as possible.. No alterations, with the exception of hemming, should be done without getting permission. When hemming pants and / or sleeves **DO NOT** cut off any material.
